

DIOCESE OF **Hexham & Newcastle**

# Data Protection Policy

## 1. INTRODUCTION AND BACKGROUND

- 1.1 The Diocese of Hexham and Newcastle (the “Diocese”) through its Trustees/Board of Directors is a Data Controller and consequently must process all Personal Data (including Special Categories of Personal Data) about Data Subjects in accordance with the UK General Data Protection Regulations 2016/679 (the “GDPR”) and any other data protection legislation, domestic or otherwise, (as may be in force or repealed or replaced from time to time) (together the “Data Protection Rules”). For the avoidance of doubt, the Diocese remains the sole Data Controller, even when processing is carried out by its Curial services, vicariates, parishes, departments and agencies. Please be aware that parishes form part of the Diocese and are not separate legal entities. Parishes are not Data Controllers nor do they process Personal Data on behalf of the Diocese as a Data Processor.
- 1.2 The Diocese will collect, store, use and otherwise process Personal data about the people with whom it interacts, who are Data Subjects. This may include trustees, officers, parishioners, volunteers, clergy, religious, employees, contractors, suppliers and other third parties.
- 1.3 The Diocese processes Personal Data so that it can comply with its statutory obligations and achieve its charitable objects of advancing and maintaining the Roman Catholic religion through the operation of its parishes and other activities.
- 1.4 Every Data Subject has rights in relation to how the Diocese processes their Personal Data. The Diocese is committed to ensuring that it processes Personal Data properly and securely in accordance with the Data Protection Rules, as such commitment constitutes good governance and is important for achieving and maintaining the trust and confidence of Data Subjects. Therefore, the Diocese will regularly review its procedures to ensure that they are adequate and up to date.
- 1.5 All trustees, officers, clergy, religious, staff and volunteers of the Diocese who are involved in the processing of Personal Data held by the Diocese have a duty to protect the data that they process and must comply with this Policy. The Diocese will take any failure to comply with this Policy or the Data Protection Rules very seriously. Any such failure may result in legal action being taken against the Diocese or the individual responsible.

## 2. THE DATA PROTECTION PRINCIPLES

- 2.1 The Diocese as the Data Controller is required to comply, and to demonstrate compliance, with the six data protection principles set out in the GDPR, which provide that Personal Data must be:
  - 2.1.1 processed, fairly, lawfully and in a transparent manner;
  - 2.1.2 collected for specified, explicit and legitimate purposes and not further processed for other purposes incompatible with those purposes;
  - 2.1.3 adequate, relevant and limited to what is necessary in relation to the purposes for which it is processed;
  - 2.1.4 accurate and, where necessary, kept up to date – every reasonable step must be taken to ensure that inaccurate personal data is erased or rectified without delay;
  - 2.1.5 kept in a form that permits identification of Data Subjects for no longer than is

necessary for the purposes for which the personal data is processed; and

2.1.6 processed in a way that ensures its security, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational security measures.

2.2 There is also an overarching principle; the Data Controller must be able to demonstrate compliance with the six principles. Accountability is vital.

### **3. THE DIOCESAN DATA PROTECTION LEAD AND REGISTRATION WITH THE INFORMATION COMMISSIONER'S OFFICER**

3.1 The Diocesan Trustees/Directors have overall responsibility for compliance with the Data Protection Rules. However, the Data Protection Lead (the "DPL") shall be responsible for ensuring day-to-day compliance with this Policy and with the Data Protection Rules. The DPL will undergo regular training and the Diocese will provide the DPL with sufficient resources and support to carry out their responsibilities. The DPL's name and contact details can be found in paragraph 15 of this Policy.

3.2 The Diocese is registered with the Information Commissioner's Office (the "ICO") as a Data Controller as required by law. The Diocese will be responsible for paying the ICO and future fees levied on Data Controllers by the Data Protection Rules.

3.3 This Policy applies to all Personal Data processed by the Diocese in whatever form (e.g. paper, electronic, film) and regardless of how it is stored (e.g. electronically or in filing cabinets). It also includes information that is in paper form but is intended to be put into electronic form and to any recordings made such as telephone recordings or CCTV.

### **4. HOW THE DIOCESE WILL COMPLY AND DEMONSTRATE COMPLIANCE**

4.1 This Policy is intended to ensure that any processing of Personal Data is in accordance with the Data Protection Rules and the data protection principles. The Diocese will therefore:

4.1.1 ensure that, when personal information is collected (whether direct from an individual or from a third party), the Data Subject is provided with a Privacy Statement and informed of what data is being collected and for what legitimate purposes(s);

4.1.2 be transparent and fair in processing Personal Data;

4.1.3 take steps to ensure the accuracy of data at the point of collection and at regular intervals thereafter, including advising Data Subjects of their right to ask for rectification of Personal Data held about them;

4.1.4 securely dispose of inaccurate or out-of-date data which is no longer required for the purpose(s) it was collected;

4.1.5 share information with others only when it is lawful to do so and ensure that individuals are informed of the categories of recipient to whom data will or may be disclosed and the purposes of any such disclosures;

4.1.6 ensure that additional safeguards (as required by the Data Protection Rules) are in

place to protect Personal Data that is transferred outside of the European Economic Area (the “EEA”) (see section 7.4 of this Policy).

4.1.7 ensure that data is processed in line with the Data Subject’s rights, which include the right to:

- a) request access to Personal Data held about them by the Diocese (including, in some cases, having it provided to them in a commonly used and machine-readable format);
- b) have inaccurate Personal Data rectified;
- c) have the processing of their Personal Data restricted in certain circumstances;
- d) have their Personal Data erased in certain specified situations (in essence where the continued processing of it does not comply with Data Protection Rules);
- e) prevent the processing of Personal Data for direct-marketing purposes (which includes fundraising);
- f) ask the Diocese to prevent processing of Personal Data which is likely to cause unwarranted or substantial damage or distress to the Data Subject or any other individual; and
- g) prevent, in some cases, decisions being made about them which are based solely on automated processing (i.e. without human intervention) and which produce significant and legal effects on them;

4.1.8 ensure that all trustees, officers, clergy, religious, volunteers and employees are aware of the Diocese’s data protection policies and procedures and their own responsibilities in terms of data protection; and

4.1.9 adopt, and keep under review, a data retention schedule which sets out periods for which different categories of Personal Data will be kept.

4.2 Through adherence to this Policy and related data protection policies, and through appropriate record keeping, the Diocese will seek to demonstrate compliance with each of the data protection principles.

4.3 In addition, the Data Protection Rules require the Data Controller to carry out a Data Protection Impact Assessment (a “DPIA”) prior to undertaking any processing of Personal Data that is “likely to result in a high risk for the rights and freedoms” of individuals. DPIAs will therefore be considered where appropriate in relation to the implementation of any new projects, services or systems which could result in a high privacy risk to individuals (particularly where new technology is being deployed) and should also consider other regulation relevant to data protection, such as Privacy and Electronic Communications Regulations. Please contact the DPL for guidance (see paragraph 10 of the Policy).

## **5. DATA SECURITY AND RESPONSIBILITIES OF TRUSTEES, OFFICERS, CLERGY, STAFF AND VOLUNTEERS**

5.1 The Diocese must ensure that appropriate technical and organisational security measures are in place to prevent unauthorised or unlawful processing or damage to or loss (accidental

or otherwise), theft, or unauthorised disclosure of Personal Data (a “Data Breach”). In particular, all trustees, officers, clergy, employees and volunteers should ensure that:

- 5.1.1 the only individuals who have access to Personal Data and are able to process it are those who are authorised to do so;
- 5.1.2 Personal Data is stored only on the central Diocesan computer system and not on individual PCs, portable electronic devices or removable storage media, unless those devices are compliant with the Diocesan IT Communication and Monitoring Policy;
- 5.1.3 passwords are kept confidential, are changed regularly and are not shared between individuals;
- 5.1.4 PCs are locked or logged off and paper documents are securely locked away when individuals are away from their desks;
- 5.1.5 offices, desks and filing cabinets/cupboards are kept locked if they contain Personal Data of any kind, whether digital or electronic format or on paper;
- 5.1.6 when destroying Personal Data, paper documents are securely destroyed and electronic data is securely deleted; and
- 5.1.7 Personal Data removed from an office is subject to appropriate security measures, including keeping paper files in a place where they are not visible or accessible by the public; using passwords/passcodes; encrypting portable electronic devices and storing such devices securely (e.g. not left in the boot of a car overnight).

Further details on the Diocese’s requirements in relation to IT security are set out in the IT Communication and Monitoring Policy.

- 5.2 In the event that you become aware that there has been a Data Breach, you must report this immediately to the DPL, following the Data Breach Procedure at [data.protection@diocesehn.org.uk](mailto:data.protection@diocesehn.org.uk). Further contact details of the DPL can be found in paragraph 15 of this Policy.

## 6. PRIVACY NOTICE

- 6.1 When any Personal data is collected from an individual, they must be provided with a Privacy Notice. The Privacy Notice provides information about what, why and how information is processed and is prepared at a Diocesan, not parish, level.

## 8. DISCLOSING PERSONAL DATA

8.1 When receiving telephone or email enquiries, trustees, officers, clergy, religious, employees and volunteers should exercise caution before disclosing any Personal Data. The following steps should be followed:

- a) ensure the identity of the person making the enquiry is verified and check whether they are entitled to receive the requested information;
- b) ask the enquirer to put their request in writing so that their identity and entitlement to receive the information can be verified if the information is particularly sensitive and/or you are not confident the person is entitled to the information;
- c) if there is any doubt, refer the request to the DPL for assistance (particularly where special categories of Personal Data are involved);
- d) when providing information, ensure that Personal Data is securely packaged and sent by the most appropriate means (e.g. special delivery, courier or hand delivery) in accordance with Data Protection Rules, the Privacy Statement and this Policy.

8.2 Please remember that parents and guardians are only entitled to access information about their child if the child is unable to act on their own behalf (e.g. because the child is not mature enough to understand their rights) or if the child has given their consent. If you are unsure about whether or not to provide information about a child to a parent or guardian, please speak to the DPL before providing any information. Children from 12 upwards are generally to be considered as being capable of understanding their rights and making decision regarding their own information. However, consideration of the particular circumstances and of the child's capacity must be taken into account in each instance.

8.3 Please also remember that individuals are only entitled to information about themselves and not any other third party (e.g. family member, other parishioner or member of clergy or staff).

## 9. DATA PROCESSORS

9.1 The Diocese may instruct another body or organisation to process Personal Data on its behalf as a Data Processor (e.g. pension provider, a third party IT provider). In such situations the Diocese will share necessary information with the Data Processor, but will remain responsible for compliance with the Data Protection Rules as the Data Controller.

9.2 Personal Data will only be transferred to a third party Data Processor if the DPL is satisfied that the third party has in place adequate policies and procedures to ensure compliance with Data Protection Rules. There should also be a written contract in place between the Diocese and the Data Processor, which includes provisions to ensure that the Data Processor complies with the requirements of the Data Protection Rules. To enter into a contract please

refer to the DPL.

## **10. THIRD PARTY REQUESTS**

- 10.1 The Diocese may from time to time receive requests from third parties for access to documents containing Personal Data. The Diocese may disclose such documents to any third party where it is legally required or permitted to do so. Such third parties may include health professionals, the Police and other law enforcement agencies, the Charity Commission, HMRC, other regulator, immigration authorities, insurers, local authorities (e.g. Trading Standards), courts and tribunals or organisations seeking references.
- 10.2 Anyone in receipt of any verbal or written request from any person for access to, or disclosure of, any Personal Data outside of normal Diocesan operations must immediately contact the DPL.

## **11. TRANSFERS OF PERSONAL DATA OUTSIDE OF THE UK**

- 11.1 Following its withdrawal from the European Union, the UK has fully incorporated the principles, rights and obligations of the GDPR and the Diocese may continue to transfer Personal Data outside of the UK but within the European Economic Area without the need for additional safeguards (in most cases).
- 11.2 The Diocese may transfer Personal Data outside of the UK/EEA subject to appropriate safeguards being met, e.g. where there is a legally binding agreement between the Diocese and a data processor or where the Diocese and a data processor have entered into a contract incorporating standard data protection clauses recognised or issued in accordance with the UK data protection regime (known as Standard Contractual Clauses).
- 11.3 The Diocese may also transfer Personal Data outside of the UK where requested by the Data Subject, on the basis of the Data Subject's informed consent, for example, where a Data Subject requires their marriage record sent to another country.
- 11.4 The DPL may also authorise transfers where another legal ground in the Data Protection Rules is met.

## **12. SUBJECT ACCESS REQUESTS**

- 12.1 Any Data Subject may exercise their rights as set out above (e.g. the right of access to the Personal Data which the Diocese holds about them, or the right to have Personal Data erased). Any such requests should immediately be referred to the DPL.
- 12.2 To be valid, a Subject Access Request must be made in writing (including requests made by email or on social media) and provide enough information to enable the Diocese to identify the Data Subject and to comply with the request.
- 12.3 All Subject Access Requests will be dealt with by the DPL. Clergy, religious, employees or volunteers who receive a Subject Access Request must forward it to the DPL immediately in order that such requests can be replied to within strict deadlines set out in the Data Protection Rules (generally one month from the date of the request).
- 12.4 No fees will be charged for dealing with Subject Access Requests unless a request is considered

to be manifestly unfounded, excessive or repetitive. Fees may be charged to provide additional copies of information previously provided. Where the Diocese considers a request to be manifestly unfounded, excessive or repetitive, the Diocese may lawfully refuse to respond and if so, the DPL will inform the Data Subject of this in writing within the one-month period.

## 13. FUNDRAISING AND MARKETING

- 13.1 'Direct marketing' includes all advertising and promotional activities, including promoting the aims and ideals of not-for-profit organisations.
- 13.2 Any use of Personal Data for marketing (including fundraising) purposes must comply with Data Protection Rules and the Privacy and Electronic Communications Regulations (the "PECR") (and any replacement legislation) which relate to marketing by electronic means.
- 13.3 Individuals have a right to object to their Personal Data being used for electronic marketing purposes. Individuals must be informed of their right to object when their data is collected. If an objection is received, no further marketing or fundraising communications must be sent to them. The Diocese has voluntarily registered with the Fundraising Preference Service (FPS) of the Fundraising Regulator, so if an individual does not wish to be contacted by the Diocese for direct marketing purposes they can notify the FPS on [www.fundraisingpreference.org.uk](http://www.fundraisingpreference.org.uk) or ☎ 0300 3033517, or they can notify the Diocese direct.
- 13.4 The PECR requires that the Diocese has the prior consent of recipients in certain circumstances before it sends unsolicited electronic messages for the purpose of fundraising or other marketing activities (e.g. events).
- 13.5 In the event of any such activity being undertaken, reference will be made to the guidance issued by the Information Commissioner's Office and the principles set out therein will be adhered to.

## 17. GLOSSARY

**“Data Controller”** means a person, organisation or body that determines the purposes for which, and the manner in which, any Personal Data is processed. A Data Controller is responsible for complying with data protection laws including the GDPR and establishing practices and policies in line with them.

**“Data Processor”** means a person, organisation or body that processes Personal Data on behalf of and on the instruction of the Diocese. Data Processors have a duty to protect the information they process by following data protection laws.

**“Data Subject”** means a living individual about whom the Diocese processes Personal Data and who can be identified from the Personal Data. A Data Subject need not be a UK national or resident. All Data Subjects have legal rights in relation to their Personal Data and the information that the Diocese holds about them.

**“Personal Data”** means any information relating to a living individual who can be identified from that information or in conjunction with other information which is in, or is likely to come into, the Diocese’s possession. Personal Data can be factual (such as name, address or date of birth) or it can be an opinion (e.g. a performance appraisal). It can even include a simple email address. A mere mention of someone’s name in a document does not necessarily constitute Personal Data, but personal details such as someone’s contact details or salary (if it enabled the individual to be identified) would fall within the definition.

**“Processing”** means any activity which involves the use of Personal Data. It includes obtaining, recording or holding or carrying out any operation or set of operations on it, including organising, amending, retrieving, using, disclosing, erasing or destroying it. Processing also includes transferring or disclosing Personal Data to third parties.

**“Special Categories of Personal Data”** (previously called sensitive personal data) means information about a person’s racial or ethnic origin, political opinions, religious or similar beliefs, trade union membership, physical or mental health or condition or sexuality. It also includes genetic or biometric data. Special categories of Personal Data can only be processed under strict conditions and such processing will usually, although not always, require the explicit consent of the Data Subject.
