

Teacher of Mathematics

Salary: £25,714 - £41,604 (M1 - UPS3)

Full Time/Permanent
Required from 1 September 2022

St Cuthbert's Catholic High School is seeking to appoint an outstanding Mathematics teacher. The appointed candidate will become part of a highly successful department which aims to impart a love of Mathematics to the pupils in our care. We ensure pupils develop a deep understanding of the subject by ensuring that they can see connections between topics and are fluent in the foundational knowledge underpinning Mathematics. The successful candidate will have the opportunity to develop within an established and supportive team, learning from outstanding practitioners.

The ideal candidate will display a passion for Mathematics, delivering engaging lessons and inspiring our boys. We are looking for a dynamic teacher who will keep abreast of new developments in the pedagogy of the subject, improving their own practice as well as sharing with others. The successful candidate will bring Mathematics alive linking it to everyday life where our boys can see the relevance of the subject to them, and they can understand why they are studying it. Above all, we are looking for someone who will help our boys become better men as well as helping them to be fully numerate for their life after St Cuthbert's.

This is an opportunity to join a well-established and aspirational department in an outstanding, all-boys Catholic School that has enjoyed a reputation as a centre of educational excellence for over one hundred years. We welcome applications from newly qualified teachers or early career entrants as well as, experienced Mathematics teachers looking for a new challenge.

Application forms and further information are available by following the link on our [website](#) for submission by **9.00am Tuesday 29th March 2022**.
