

Season of Creation

1st September – 4th October

1st September

God of creation,
who loves all he has made and all that has evolved,
open the eyes of your people, that your love might be reflected
in our care for the planet.
Through Jesus Christ, who walked this earth
and calls us by name. Amen.

2nd September

If we approach nature and the environment without openness to awe and wonder, if we no longer speak the language of fraternity and beauty in our relationship with the world, our attitude will be that of masters, consumers, ruthless exploiters, unable to set limits on their immediate needs. By contrast, if we feel intimately united with all that exists, then sobriety and care will well up spontaneously. (Laudato Si 11 – Pope Francis)

3rd September

The God who created the universe out of nothing can also intervene
in this world and overcome every form of evil. Injustice is not invincible.
(Laudato Si 74 – Pope Francis)

4th September

There is a growing sensitivity to the environment and the need to protect nature, along with a growing concern, both genuine and distressing, for what is happening to our planet... Our goal is not to amass information or to satisfy curiosity, but rather to become painfully aware, to dare to turn what is happening to the world into our own personal suffering and thus to discover what each of us can do about it. (Laudato Si 19 – Pope Francis)

5th September

Lord Jesus,
the earth is yours and you have commanded the winds
and the sea; help us to leave behind our consumer demanding lifestyle
and move towards behaviours that are environmentally healthy;
help us to follow your lead in caring for the world you love.
Amen.

**Going for a walk with a friend.
Its a great way to take in the beauty
of creation on our doorsteps.**

*SUGGESTION:
TO TAKE A WALK SOMEWHERE LOCAL IN
NATURE AND CAPTURE AN IMAGE TO SHARE
ON SOCIAL MEDIA OF GOD IN CREATION*

7th September

When nature is viewed solely as a source of profit and gain, this has serious consequences for society. This... has engendered immense inequality, injustice, and acts of violence against the majority of humanity, since resources end up in the hands of the firstcomer or the most powerful: the winner takes all. Completely at odds with this model are the ideals of harmony, justice, fraternity, and peace as proposed by Jesus.

Laudato Si 82 Pope Francis

8th September

We do not have much time, according to scientific evidence, I extend an invitation to undertake a 'journey' together. The journey, is one of 'transformation and action'. Its objective, is to build within the next decade 'a world capable of responding to present generations, inclusive of everyone, without compromising the possibilities of future generations'

Pope Francis, Vatican News 11th October 2020

9th September

'Nature is a constant source of wonder & awe.
It is also a continuing revelation of the divine'
(Laudato Si 85- Pope Francis)

10th September

‘God wills the interdependence of creatures. The sun and the moon, the cedar and the little flower, the eagle and the sparrow: the spectacle of their countless diversities and inequalities tells us that no creature is self-sufficient. Creatures exist only in dependence on each other, to complete each other, in the service of each other.’ (Catechism of the Catholic Church 340)

11th September

This is not just another environmental campaign; it is an integral part of our faith. In making your personal pledges – in working to heal the planet, and in striving for justice for the poorest people in the world, you are a living witness to Jesus Christ: do not be afraid to tell people why you are doing whatever you choose to do.
Bishop Alan Williams

12th September

Our insistence that each human being is an image of God should not make us overlook the fact that each creature has its own purpose. None is superfluous. The entire material universe speaks of God's love, his boundless affection for us. Soil, water, mountains: everything is, as it were, a caress of God.

(Laudato Si 84 – Pope Francis)

**So much of our food is high in air miles.
This is having a knock on effect to our
world and the climate. We have a huge
wealth of local produce on our doorsteps.**

SUGGESTION:

*Share a meal using only locally sourced and
seasonal foods this week
with friends or family.*

14th September

Creator God, We acknowledge that as your handiwork, we stand alongside all that you have made. Trees and rivers, mountains and valleys, soaring birds and creatures that crawl, all are held within your care.

May we grow in our love and appreciation for the variety around us; and may our awe and wonder draw us closer to the natural world, and through it to you, the God of all things. Amen

15th September

Once we start to think about the kind of world we are leaving to future generations, we look at things differently; we realize that the world is a gift which we have freely received and must share with others...
the world we have received also belongs to those who will follow us.
(Laudato Si 159 – Pope Francis)

16th September

Simplicity is not a superficial reduction of stuff,
but what Pope Francis calls “an attitude of the heart
(Laudato Si 226 – Pope Francis)

17th September

Everlasting God, whose Spirit broods everlastingly over the lands and the waters, and endows them with form and colour: give us, we pray, the mind and heart to rejoice in the majesty of creation. Teach us to be responsible stewards of this world and to seek the common good, that through your blessing all may flourish, and creation sing your praise. Amen

How we choose to bank impacts our common home. Using banks that are ethical help to support those most in need and shift the balance of power.

19th September

Saint Thérèse of Lisieux invites us to practise the little way of love, not to miss out on a kind word, a smile or any small gesture which sows peace and friendship.

An integral ecology is also made up of simple daily gestures which break with the logic of violence, exploitation and selfishness.

20th September

Quoting Saint John Paul II: Christians in their turn “realise that their responsibility within creation, and their duty towards nature and the Creator, are an essential part of their faith.
(Laudato Si 64 – Pope Francis).

WHAT COULD YOU ADD TO YOUR HOUSEHOLD

22nd September

What kind of world do we want to leave to those
who come after us, to children who are now growing up?
(Laudato Si 160 – Pope Francis)

23rd September

Happiness means knowing how to limit some needs
which only diminish us, and being open to the
many different possibilities which life can offer.
(Laudato Si 223 – Pope Francis)

24th September

The ecological crisis is also a summons to profound interior conversion...Living our vocation to be protectors of God's handiwork is essential

to a life of virtue; it is not an optional or a secondary aspect of our Christian experience.

(Laudato Si', 2015, Para. 50-51)

4th October

Feast of St Francis of Assisi

**Lord, make me an instrument of your peace:
where there is hatred, let me sow love; where there is injury, pardon;
where there is doubt, faith; where there is despair, hope;
where there is darkness, light; where there is sadness, joy.
O divine Master, grant that I may not so much seek
to be consoled as to console, to be understood as to understand,
to be loved as to love. For it is in giving that we receive,
it is in pardoning that we are pardoned,
and it is in dying that we are born to eternal life.**
