# ADVENTUROUS ACCOMPANIMENT

A PROJECT BY MILLION MINUTES

Adventurous Accompaniment is designed to inspire and equip people who can influence others to explore the 'art of accompaniment' based on the 5 Principles of Accompaniment.

## We are made to walk together

The call to accompany is timeless. With the Church seeking ways to respond to the increasing challenges of today, a focus on genuine accompaniment is especially timely. Pope Francis envisaged everyone being initiated into this 'art of accompaniment'.

Adventurous Accompaniment is designed to help us become better at walking with others, supporting them to see God at work. Over two sessions, you will explore how to accompany others whether it is informally while out talking with your neighbour or over a sustained relationship with family and friends. The 'Adventure' of this formation is that God is the one leading the way.

## Who is it for?

All are welcome to attend this course as walking alongside others is part of our daily lives. It is also highly recommended for those in the following roles:

- Pastoral leads in dioceses, communities, and organisations
- Leaders in schools and other education settings
- Those responsible for formation or outreach within their communities
- Deanery priests, deacons or lay people working in partnership with several parishes
- Other roles and responsibilities (including voluntary roles) which have the potential to reach others.
